Notes:

-Dawn presented a scholarships donation form where we as a PTSA can donate any amount (no amount is too small) towards a general PTA fund that graduating Seniors can apply for to receive college scholarship funds- we agree that a \$50 donation is a reasonable amount to present to the general members at the next general meeting.

-Susan went over Energy Program details, and will present to the general members at the meeting next week- \$72,000 is disbursed for energy efficient upgrades if you participate and win (turn lights off and save energy- compete against other local area schools).

-Susan is applying for a City of Arvada grant to get a “reading bench” and tree planted and dedicated to Mrs VanArsdale. The City will match cost up to \$5,000.

-Susan updated us with the new district app info- VA will be a part of the 2nd phase of the app. Feb-April is when they will be preparing and launching 2nd phase.
